We met with Laura recently as well. She also suggested scheduling several meetings with our staff and exec to resolve our comments. It sounded like she was proposing separate meetings with State Board so please let them know if you would like for us to attend the meetings they schedule with you.

Will do.

Separately, DWR (Laura King Moon) have proposed a series of technical and policy meetings to address myriad issues related to the BDCP, and one of the technical meetings will involve Water quality and it would be great if you could participate in that meeting. The date is TBA. It could be a crucial meeting, so that's why I'm flagging it for you. Let's stay in touch. Thanks, Tim

Thanks Tim. I haven't gotten anything yet on the BECT. Please let me know if you have.

Hi Tim, I will make sure that you and Diane Riddle are added to the BECT invite list. Do you have Diane's e-mail address? Thanks, Theresa.

Yes. Reclamation coordinates the BECT meetings. I am cc'ing Theresa Olson and Michelle Banonis here who should be able to answer your questions.

Hi Ryan:

A woman on the conference call mentioned that a BECT meeting was in the works (1/2 day or full-day) focused on water quality issues around the BDCP.

Can you please tell me who referenced BECT so Erin and I can follow-up with her?

We'd definitely like to cover that meeting and invite our colleague at SWRCB (Diane Riddle) with whom we work on the Bay Delta Water Quality Control Plan.

Thanks, Tim
